DINE & DRINK

From the moment you realize we've replaced a traditional lobby with an open kitchen with live culinary theater from Michelin-starred chef Juanma to the first time you experience a menu created by Master Sushi Chef Katsuya Uechi, it becomes apparent: we take food and drink very seriously. Whether you're diving into next-level sushi or sampling the best innovative and Colombian-inspired flavors, our Miami Beach restaurants take your palate on a taste-tempting tour.

CARTAGENA BY JUAN MANUEL BARRIENTOS

Introducing the Caribbean taste of the Colombian coast, Cartagena, brings a culinary experience where each dish tells a story of sun-soaked days and balmy nights in the tropics. Unveiled in October 2024, Michelin Star Chef Juan Manuel Barrientos' new restaurant celebrates the joy, flavor, and culture of the colorful streets of Cartagena De Indias.

At Cartagena South Beach, Chef Juanma presents an elevated exploration of Caribbean and South American flavors. The menu, rich in coastal inspiration, features an array of thoughtfully crafted small plates, ceviches, and entrées from both land and sea, each capturing the vibrant essence of Cartagena's cultural mosaic. Enhancing this experience, the craft cocktail program showcases artfully composed libations that evoke the spirit of the Caribbean, with tropical botanicals and exotic fruits, making each sip a sensory journey.

KATSUYA

Katsuya South Beach offers an exceptional culinary experience, where sophisticated design meets masterful Japanese cuisine. The restaurant's interior artfully combines traditional craftsmanship with sleek, contemporary finishes. Its thoughtfully designed spaces—including a sushi bar, dining room, and cocktail bar—create an exclusive and immersive atmosphere that elevates every dining moment.

Renowned Chef Katsuya Uechi presents an innovative menu that blends seasonal fish from Tokyo's Tsukiji Market with California-inspired flavors. This commitment to freshness is further enhanced by a collaboration with Casa Wagyu, providing premium Certified Wagyu beef.

The cocktail program at Katsuya South Beach further enhances the dining experience, offering a curated selection of drinks that blend Japanese tradition with modern innovation, adding a sophisticated touch to every meal. Katsuya South Beach promises a refined and unforgettable dining journey, where luxurious flavors and elegant design converge.
